HUMAN TRAFFICKERS MAY TARGET YOUR CHILD THROUGH TECHNOLOGY

KEEPING YOUR CHILDREN SAFE DURING COVID-19

DID YOU KNOW?

- As our world becomes more dependent on technology and the web, children are increasingly at risk of befriending strangers online.
- Traffickers use social media and gaming apps to connect and recruit youth.
- The most common way victims are trafficked in San Diego County is online.

SAN DIEGO COUNTY STATS

- The underground sex economy in the County is estimated at \$810 million a year.
- Over 3,500 victims are trafficked every year.
- 80% of those victims were born in the U.S.
- 90% of high schools studied had documented cases of human trafficking.
- Victims and traffickers can be any race, age, or gender.

QUESTIONS TO ASK YOUR CHILD TO KEEP THEM SAFE ONLINE

- Is your account private?
- Are you sharing your:
 - First and Last names?
 - School name?
 - Status updates?
 - Locations tagged?
 - Contact info?
- Do you personally know the people you add as friends?

POTENTIAL SIGNS THAT YOUR CHILD MAY NOT BE SAFE ONLINE

- Becoming increasingly secretive
- Hiding what is on their computer screen
- Out of sight or behind a closed door when online
- Not speaking openly about their activity online
- Vague talk of making new friends with little to no details
- Agitated behavior when answering their phone
- Needing to take calls in private

FBI RECOMMENDATIONS TO PARENTS

- Review and approve games and apps before they are downloaded.
- Make sure privacy settings are set to the strictest level possible for online gaming systems, phones and other devices.
- Monitor your child's use of the internet and keep computers in a non-private room.
- Explain to your child that images posted online most likely will remain on the internet permanently.
- Teach your child about personal boundaries and awareness of their surroundings.
- Encourage open child-parent communication around internet safety.
