

STAT! Mission Hero Nomination

Every year Soroptimists Together Against Trafficking, STAT!, honors our Mission Heroes. These are people and organizations who take a hard stance against human trafficking. They work to improve public awareness about the issue, or directly help and support the service providers who work with victims and survivors, or perform some other extraordinary feat that helps us all fight this fight. They are not the paid professionals doing this work, but usually volunteers who do it from their hearts primarily because they care.

You are invited to nominate someone or an organization that you think goes above and beyond in making a difference in this fight.

- This nomination form must be completed in its entirety along with one additional supporting recommendation.
- Completed applications along with the additional recommendation should be emailed to info@statsandiego.org prior to 11:59 pm on January 31, 2023.
